## NY World Trade Center—September 11, 2001: Exposing Scientific Misconduct, Seeking Justice

**2 to 4 PM Saturday, December 17, 2016**

(Doors open at 1:30 P.M.)

Watertown Savings Bank Meeting Room

Watertown Free Public Library

**[123 Main St, Watertown, MA 02472](#)**

A video presentation and panel discussion:

- Richard Gage, AIA, founder, Architects & Engineers for 9/11 Truth.org
- Dr. J. Leroy Hulsey, PhD, PE, SE, chairman, University of Alaska Fairbanks, Civil & Environmental Engineering department
- Peter Michael Ketcham, BS, MS, former National Institute of Science & Technology (NIST) mathematician and computer expert, 1997 to 2011
- Chris Gruener, LMHC, 9/11 Truth Action Project (911TAP.org)

Video:

- Attorney Daniel Sheehan’s remarks at the NY City 9/10-11/2016 *Justice In Focus* conference. Sheehan won the notorious \$10M *Silkwood v. Kerr-McGee* case, and led the Cristic Institute’s CIA drug-running case.

Join A&E911Truth.org & Boston911Truth.org members for a rousing chat on how to achieve justice in the 9/11 case. We dissect the NIST investigation of the destruction of the three WTC skyscrapers and describe how to trigger a new, open investigation to cauterize the wounds of 9/11.

Dr. Hulsey’s team is modeling the WTC #7 collapse without benefit of all NIST computer data — the public agency refuses to release it, claiming that to do so “might jeopardize public safety.” And 14-year NIST-insider Ketcham will shed new light on that agency’s practices, culture and conduct.

Finally, Gruener will outline the new global grassroots 9/11TAP petition; target, 4 million signatures by 2021.

AE911Truth.org has now grown to include the AE911Truth.org, the grassroots Truth Action Project and a legal action committee, the Lawyers Committee for 9-11 Inquiry.org.

Saturday’s event will start with Sheehan’s inspiring yet sobering remarks from the *Justice In Focus conference*. Each panelist will then give a synopsis of their area of expertise as it relates to the NIST WTC investigation, followed by an open discussion involving audience and panelists.

Co-Moderators: Richard McCampbell, PE and Henry MacLean, AIA , LEED AP

Tax-deductible donations to AE911Truth, a 501(c)(3) nonprofit, are welcomed.
