

HIST / SS 769

Project #4 – Monitoring Student Learning / Evidence of Student Work

Here it is folks – your last assignment. This one is a little more wide-open. As teachers, we need to learn about our students and monitor their learning. With this final project, you are going to present to me 3 items:

- A lesson plan you have used. **The lesson plan must include how the lesson will be graded / assessed.**
- The work produced from at least 2 of your students based on the lesson above **and this work needs to be graded based on your lesson and assessment.**
- An assignment reflection (strengths, weaknesses, what you would do differently next time – if there is a next time)

This can be used for any assignment you have done with your students or will be doing before this assignment is due.

TPE's met with this project:

1. TPE #2 → Monitoring Student Learning
2. TPE #3 → Interpretation & Use of Assessments
3. TPE #8 → Learning About Students
4. TPE #9 → Instructional Planning

What to turn in (**MUST BE TYPED** and stapled to the BACK of this sheet):

1. Your lesson plan w/assessment
2. Minimum of 2 student work samples
3. Reflection

Objective	Low Performance (0-2 pts)	Average Performance (3-7 pts)	Exceptional Performance (8-10 pts)	Points Earned
Detailed lesson plan including assessment	Unclear plan, no assessment	Somewhat clear plan, not very clear assessment	Thorough lesson plan with detailed assessment plan	
2 Student work examples attached (graded)	No student work attached (0 Points)	Student work is attached but grading not shown	Student work is attached and graded according to assessment.	
Detailed reflection	No reflection (0 Points)	Reflection is vague	Clear reflection with examples, thoughts of how to improve, what worked, etc.	
Total Points Earned				

If you want this back, please bring in a self-addressed stamped envelope and I will mail it to you.
